To Whom It May Concern:

I personally worked with Justin Ballinger, The Medicus Firm Recruiting Consultant, on a general surgery search in 2008. Justin was successful in helping to recruit a candidate for a local surgery group with an immediate need. Justin developed and implemented an aggressive recruitment plan which delivered several qualified candidates, resulting in a thirty day placement.

Although, it may not be reasonable to expect such quick results with every search, I believe The Medicus Firm proved to be a valuable resource in filling this difficult search.

Sincerely,
